How to Read the Fiscal Year 2020 Budget Document

Welcome to the City of Lauderhill's Fiscal Year 2020 Annual Operating Budget. Once adopted by the City Commission, with the guidance of the Florida Statues and the City's Charter, the Annual Budget becomes the operating plan for the City. The Budget document includes a detailed listing of programs and projects that will be provided during Fiscal Year 2020 and the resources available to fund the budget. To increase readability, the budget is divided into three sections, namely:

- 1. Budget Overview
- 2. Budget Summary
- 3. Budget Detail

The first section, which is the *Budget Overview*, presents the budget in narrative form. Included in the Budget Overview is the City Manager's Message, this is a letter to budget readers that explains the revenues, expenditures, and programs for the coming year in simple language. The budget overview also includes long-range planning information that outlines the City's short-term and long-term planning processes. There is also a brief history and description of Lauderhill for new residents and non-resident readers of the budget and other narrative information. Finally, there is an organizational chart showing the structure of the City government. By reading the Budget Overview, the readers will gain fundamental understanding of why and where the City expends its resources.

The second section, which is the *Budget Summary*, represents information about the City's revenues, expenditures, and equities in a series of tables, graphs and charts. Included in the summary section are charts that summarize the total operating budget by fund and expenditure categories. Also, included in the Budget Summary are charts outlining General and Enterprise Fund expenditures by department and category and General and Enterprise Funds major revenues by source. Staffing and debt service summaries are also included. Lastly, graphs, tables, and text are used to illustrate trend information, reflecting how this budget compares to prior years.

As a result of the city changing to performance and program budgeting, departmental summaries are included in the budget summary section of the budget. Departmental totals are included to demonstrate historical departmental totals. The departmental summary compares the FY 2020 departmental budget totals to prior year departmental totals. Accordingly, departmental totals reviewed in this manner will provide a historical view of individual departmental budgets.

The third section, which is titled **Budget Detail**, presents detailed budget information, on a departmental level, for services that will be offered by the City during FY 2020. Each departmental budget includes an organization chart, department description and summary, performance measures, position summaries for each division, and line item budgets.

CITY OF LAUDERHILL

CITY MANAGER

Charles Faranda, CM Desorae Giles-Smith, DCM Kennie Hobbs, Jr., ACM

CITY ATTORNEY Earl Hall, Esq.

CITY CLERK Andrea M. Anderson

ADMINISTRATION

July 1, 2019

To the Honorable Mayor, Members of the City Commission and the Residents of Lauderhill:

In accordance with Article VI, Section 6.06 (e) and Article IX, Section 9.01 of the Charter of the City of Lauderhill, I am pleased to submit a balanced City Manager's Proposed Budget for Fiscal Year 2020 that includes all revenues and expenditures for the period October 1, 2019 through September 30, 2020.

The Proposed Fiscal Year 2020 budget is fiscally sound and reflects a continued commitment to Public Safety, Community Economic Development, Public Facility and Infrastructure improvements. As such, a common element throughout the FY 2020 budget is the inclusion of widespread investments in the City's infrastructure, enhancements in public safety and the adoption of measures to revitalize and beautify the neighborhoods and communities throughout the City. The development of this budget required that we prioritize the needs of our residents and businesses, while maintaining both fiscal stability and our current level of services. This year's budget message provides detailed information on the major programs in the budget, the significant changes from the current year, and a discussion of the trends that affect the proposed budget and future financial conditions.

Budget Highlights and Financial Condition

The FY 2020 budget totals \$189,982,864 for all funds, and at a minimum, continues the level of service expected by the residents and businesses of the City of Lauderhill. The City of Lauderhill's assessed property tax valuation has increased by 8.45% over last tax year. This is a positive sign of growth and prosperity as developers continue to see Lauderhill as a city to invest in commercial and residential development projects.

The proposed budget includes the issuance of a 15 million dollar revenue bond to continue infrastructure and facility improvements at various sites throughout the City. All projects funded by the bond were selected from the City's Five Year Capital Improvement Plan (CIP).

Staff reviewed the CIP and selected projects that provide the most significant impact based on the direction of the Commission via community forums.

The project list includes:

- Construction of a competition track and football field at West Ken Lark Park.
- Construction of a swimming pool, football field and other recreational facilities at St George

Park.

• The acquisition and development of land to enhance the Lauderhill Preforming Arts Center and entertainment district.

- The completion of Fire Station 30
- Additional improvements to the Police Department and gun range.
- Improvements to the City's fleet services facility.

In addition to projects funded by this bond, the proposed budget includes pay-as-you-go funding for capital projects and infrastructure spending in

the Enterprise Funds. Improvements funded within the Water and Sewer Fund include upgrades to various pump stations, water plant enhancements and the implementation of a pilot program for automated water meter reading.

The critical focus of the FY 2020 budget is to provide additional staffing and resources to enhance public safety and quality of life for the residents of the city. The Proposed Budget includes the funding of 37 new public safety positions as well as the improvement and construction of two new public safety facilities.

Revenues and Fund Balances

City staff remains vigilant in their efforts to prudently manage the revenues required to fund the City's growing needs. These efforts are further bolstered by the commitment of staff to continuously monitor revenues and expenditures to ensure that they remain in budget. The City continues to maintain the internal controls needed to properly safeguard its assets and maintain the public's trust.

As we strive to provide top tier programs and services, the increase in our public safety budget; more specifically, the addition of certified police officers and support staff, have resulted in a significant increase in General Fund expenditures. To meet these demands, the FY 2020 budget proposes a millage increase of 1.0000 mills resulting in a new rate of \$8.9898 per \$1000 of assessed value. This will generate an additional \$4,609,618 in revenue; which will fund the 37 new positions included in the Police Department's budget. The City continues its efforts to recruit and train new officers as well as hiring support staff that will allow officers to focus on being a presence in the community. The FY 2020 budget funds the hiring of civilian positions such as Public Service Aide, Crime Scene Technician, Fleet Coordinator and Body Camera

Coordinator. Currently these duties are being performed by certified police officers, so as a result of the new civilian hires, The City will be able to assign more officers to road patrol and specialty teams.

Fire services in the City of Lauderhill are fully funded by revenue from the Fire Fee. The FY 2020 budget includes a fire assessment of \$488. This fee remains the same as the FY 2019 budget. The Fire Fund continues to be 100% funded by these fees.

In an effort to continue to bring commercial and residential businesses into compliance, the City has implemented a commercial Certificate of Use (COU) Inspection Program. This program mirrors the Residential Inspection Program as all businesses are inspected once yearly to ensure that they are in compliance with the City's ordinances. This program has already shown success by identifying and working with businesses, which were operating without a COU, to come into compliance. As a result of this program and a State-approved increase, revenues relating to COU inspections and permits are projected to increase by 13% in the upcoming fiscal year.

The City continues to demonstrate growth and new development. This is evidenced in the steady increase in new construction and renovation throughout the City. Accordingly, the building permit revenues are projected to increase by 7% in FY 2020. Utility Tax, Franchise Fees and State Revenue Sharing will continue to increase at a moderate pace as seen over the last five fiscal years.

The Water and Sewer and Stormwater funds remain fiscally sound. The FY 2020 proposed budget includes the statutorily required 3.0% increase to water and sewer flow charges. Proposed is a 10% increase to the Stormwater Fund. This increase will fund much needed roadway and stormwater improvements including NW 16 ST re-surfacing, as well as the completion of upgrades to 47th Avenue and 21st Street.

Programs and Expenses

New Programs and Divisions

Public safety has always been the highest priority of the City of Lauderhill. The City's Police, Fire, Code Enforcement and City Rangers all work tirelessly to ensure the safety of the residents, visitors and businesses of the City of Lauderhill. In the proposed FY 2020 budget, there is a significant commitment to the furthering this priority.

Department	Proposed Additions							
Police	37 New Vacant Positions							
	New Gun Range and Evidence Storage							
Fire Fighting	1 78 Foot Ladder Truck							
	Fire Alerting System							
	New Construction Fire Station 30							
	2 New EMS Ambulances							
City Rangers	2 New Units							
	New Software							
Code Enforcement	Replacement Equipment							

The Police department budget includes 37 new vacant positions. This includes 2 full time and 11 part-time civilian positions. The primary job functions of these new civilian positions include traffic control, response to non-emergency calls, accident response and investigation, fleet coordination and management services are currently handled by sworn officers. Once filled, sworn officers will be relieved of these additional duties and will return to

patrolling and increasing public safety presences.

The Police Department will also have infrastructure improvements including the construction of a new training facility that includes a gun range and evidence storage facilities.

The Fire Department will construct a new state of the art Fire Station, which will be located on NW 16th Street just West of State Road 7, and will acquire a 78 foot ladder truck and two EMS ambulances. Code Enforcement and City Ranger divisions will both get improved software and new units.

The FY 2020 budget proposes the acquisition of a 1.7 acre property that adjoins the Lauderhill Performing Arts Center (LPAC). Development plans include a biergarten, and much needed parking for the LPAC. These improvements will increase the lore of show promoters and patrons to the LPAC and improve the number and quality of shows that are hosted by the facility. Site improvements will be made to attract a future hotel development and parking structure.

Also included in the proposed budget is funding for the 38th Ave Development Plan. This improvement plan will connect the abovementioned developments to the upcoming Art and Entertainment District. Improvements will replace aging infrastructure, improve walkability and install new pedestrian lighting and street furniture.

In an effort to promote the City of Lauderhill, a unique gem in the center of Broward County, the FY 2020 Proposed Budget includes the creation of the Lauderhill Convention and Visitors Bureau. This division, funded by the Community Development Block Grant (CDBG), will have 1 fulltime and 2 part-time members of staff dedicated to promoting the City as a great place to live, work and play. Community Development Block Grant funds in the amount of \$719,000 are budgeted in Fund 625 for several new and existing programs. The Proposed Budget includes funding for economic development to promote substantial investment in the City through the CRA's economic development and business improvement programs. Additionally, the City has committed to the betterment of our youth by providing funding for afterschool programs, which include arts and cultural activities, sports programming and educational tutoring in the areas of math, science and technology.

The CRA continues to successfully collaborate with the City to host a series of signature events for Fiscal Year 2020. Attendees of past events are excited by the caliber of artists and the production levels of the shows. Funding will be committed to promote the City as an exciting and unique destination that both residents and visitors can enjoy. Further, the event series is designed to increase business attraction and encourage the relocation of millennials, working professionals and families to the City of Lauderhill.

Expenditures and Operations

In FY 2020, the budget continues to strive for the exemplary provision of services and balances the appropriate staff levels to achieve this goal. The bulk of the City's budgetary increases are related to contractual increases to salaries and benefits, which represents nearly 84% of the City's total operational budget. As required in previous budget years, negotiated annual step increases and funding related to increases in health insurance premiums for existing employees will be approximately 6.0% in FY 2020.

Additionally, pension costs continue to increase moderately after several years of significant increases. The City continues to take steps to reduce our pension costs while providing for the sustainability of all four (4) pension funds.

Although new funding will not be available for the Neighborhood Stabilization Program Fund (NSP), any remaining fund balance at the end of the current fiscal year will be re-appropriated as part of the FY 2020 Budget through a supplemental appropriation. The City is expected to receive a 4.29% increase in additional funding for the State Housing Initiative Partnership Program. This funding will provide opportunities for income-qualified participants to receive down payment assistance so they may achieve the goal of home ownership. Additionally, these funds allow residents to make critical repairs to their homes in the areas of health and safety.

The Lauderhill Performing Arts Center continues to be a shining beacon for the City of Lauderhill. Management by city staff continues to prove effective in keeping the facility booked and patrons happy. The City has designed a signature series of city shows that will ensure the kinds of talent and the levels of production that will excite and attract visitors to the facility. Although the LPAC is an enterprise fund, the FY 2020 budget includes continued support from the City and CRA.

Capital Projects

The Five-Year Capital Improvement Program (CIP) is updated on an annual basis as the City's needs change and new priorities are identified. The CIP seeks to use a forward planning method to perform the most impactful repairs and projects thereby increasing the useful life of all City equipment and facilities. City staff actively seeks new funding sources including grants and alternative funding methods for projects contained in the CIP.

The City is fully engaged in the management and execution of the projects funded through the General Obligation Bond. Significant progress has been made on all General Obligation Bond (GO) projects. City parks and facilities have enjoyed a major face lift, privacy walls have been erected citywide and the police body camera project is in its implementation phase. Residents have seen an improvement in the level of services provided as a result of our customer service oriented parks and facilities.

Conclusion

In conclusion, the proposed FY 2020 Budget continues to focus on preserving and enhancing public safety and quality of life in the City of Lauderhill. This budget includes funding for new public safety staffing, retooling and initiatives. It incorporates new security measures, as well as operational and maintenance programs for the City's parks and public facilities. While City staff is tasked with prioritizing funds for a wide range of budgetary requests, we are committed to continually providing excellent service to all residents and businesses alike. Staff continues to adopt and implement new technologies and processes that maximize cost savings to the City.

The City of Lauderhill is experiencing an excellent season for growth and opportunity, and we are confident that this renaissance will continue for years to come. As such, the FY 2020 budget

closely reflects our dedication to funding economic and community revitalization programs that encourage both new private sector investment and steady growth for our existing businesses. Public safety is paramount to achieving these goals and the City's Fire, Police, City Ranger and Code Enforcement Departments continue to provide first class services to the residents of the City with the exemplary level of service they deserve. Additionally, our DEES and Facilities Departments ensure that all City infrastructure is being maintained in the manner that residents trust and expect.

Department Directors and their staff have done an excellent job of providing the budget estimates and documentation necessary to support the development of this budget. Deputy City Manager Desorae Giles-Smith, Assistant City Manager/Finance Director Kennie Hobbs, Jr., Deputy Finance Director/CRA Director Sean Henderson, Karen Pottinger, Assistant Finance Director, Yolan Todd, Assistant Operation Administrator, and Cheryl Langley, Chief Accountant assisted me in reviewing the departmental requests and formulating the final version of the Proposed Fiscal Year 2020 Budget. I commend them and the Finance staff for compiling and producing the final version of the budget for your review and consideration.

Very truly yours,

Charles "Chuck" Faranda

City Manager

Strategic Goals and Objectives

In addition to the goals and objectives outlined in the City Manager's budget message, Lauderhill has long-term goals and objectives that have been established by the City Commission in documents and policies distinct from this budget document but which guide and at times require policies and funding decisions within the annual budget.

The Commission has identified 6 key goals as the nucleus of all actions taken. The listed goals are included on every resolution and ordinance presented to the Commission and action requested must fit these guidelines. The FY 2020 budget strives to conform to the 6 key goals of the master plan that has been identified as the driving force of the City.

These six goals show the City's commitment to the environment, the quality of life and safety of its residents and visitors. The goals are repeated throughout the FY 2020 budget document as each departments goals are tied to prospering these further goals.

Goal 1: Clean, Green Sustainable Environment: This includes increasing mass ridership on public transportation, reducing the City's energy consumption and reducing water consumption The FY 2020 Budget includes \$170,000 of funding for conservation programs including leak detection and high efficiency toilet replacement, garbage and paint recycling programs.

Goal 2: Safe and Secure City of Lauderhill: Tenets of this goal include the reduction of the City's crime rate to the lower 50% quartile of Broward County, giving residents the feeling of safety in their communities. Also, important is the reeducation of emergency fatalities. The FY 2020 Budget includes funding for 37 new and vacant positions in the police, fire and city rangers. Also included is funded for construction of a new shooting range and evidence storage as well as the construction of the new state of the art Fire Station 30.

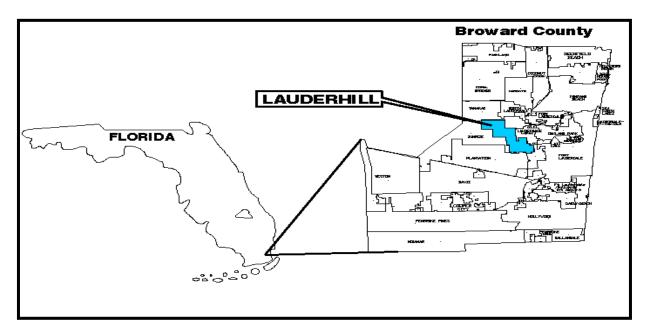

Goal 3: Open Spaces and Active Lifestyles for all age: This includes increasing participation in youth sports and an increase attendance at cultural programs and classes. Also included is the addition of new park land, green spaces and amenities. The FY 2020 Budget includes the continued funding through GO Bond and the 15 million dollar bond to upgrade and improve the parks and public facilities throughout the City. Residents and users of the parks are excited take the construction of a new pool at ST George Park and the new competition track at the West Ken Lark Park.

Goal 4: Growing Local Economy, Employment and Quality of Life: Included in this directive is increasing the commercial tax base, increasing employment in Lauderhill businesses and decreasing noxious and blighted uses in commercial areas. The Community Redevelopment Agency has embarked on the revitalization of 38th Avenue. The FY 2020 Budget includes funding for phase 1 of this project including improving walkability and installing furniture.

Goal 5: Quality Housing at all Price Range and Attractive Communities: Included in this goal is housing and street improvement and litter reduction, increasing the number of neighborhood signs and fostering active home owners associations. This goal also seeks to improve the proportion of single family homes and owner occupied units versus rental units in the City. The FY 2020 budget includes the continuation of the neighborhood sign program. This

sign program in combination with the citywide wall program will improve the overall beautification of the City's vibrant communities.

Goal 6: Efficient and Effective City Government, Customer Focused and Values Diversity: The core of the Lauderhill philosophy is highlighted in this goal. The City is driven to increase its resident's perception of the City as an excellent place to live. Staff seeks to improve efficiency by increasing the use of technology and improving City operation functionalities. The residents, businesses and visitors of the City of Lauderhill believe that the City is a great place to work, live and play. The FY 2020 Budget strives to foster this philosophy. The budget seeks to make the City safe, beautiful and prosperous.

The City of Lauderhill was incorporated in 1959 and is governed by an elected mayor and a four-member City Commission. The Mayor and Commissioners are elected citywide and serve four-year terms. The City is administered under a commission-manager form of government whereby the Mayor and Commission hire a City Manager for administrative duties. The Commission is responsible for passing resolutions, which generally confirm or direct specific actions; and ordinances, which generally amend the City's permanent Code of Ordinances, for approving the annual budget and setting tax and assessment rates, for approving capital expenditures and all debt issued by the City, for appointing citizen boards that assist and advise the Commission, and other related legislative duties. The City Manager is responsible for enacting the policies and actions approved by the Commission, for overseeing the daily operations of the City, and for appointing Department Directors and approving their staffing selections.

The City provides a full range of municipal services, including police and fire protection, parks and recreational programs such as swimming, youth sports, and tennis, cultural events and art instruction, a senior citizen community center and sponsored trips, water distribution and sewer and storm water collection, street and bridge repair, maintenance and lighting, public record maintenance, building inspection, business licensing, zoning regulation, code enforcement and grant programs for housing purchase and repairs.

The annual budget is the cornerstone of the City's financial planning and control. The Commission holds public hearings in April of each year to gather resident input for new projects and initiatives for the upcoming budget. Given general direction from the Commission following these meetings, Department Directors submit proposed departmental budgets to the City Manager in May. The City Manager reviews each proposal with the Directors and assembles a proposed budget that is delivered to the Commission by July 1.

The Commission holds public workshops in July to discuss and amend the Manager's proposed budget. The final version of the proposed budget, including the proposed millage rate, is voted on in two public commission meetings in September. The budget goes into effect October 1 and covers the fiscal year, which ends the following September 30th. During the fiscal year, the City Manager may approve transfers of funds among line items within a department, with the exception of reductions in capital outlay line items, which requires Commission approval. The Commission must also approve transfers between departments or supplemental appropriations that increase expenditures and revenues.

Local Economic Conditions

Lauderhill is a mature community of approximately 66,709 year-round residents. That number increases to over 70,000 in the winter season, from December through March, as "snowbirds," primarily retirees from the northeastern United States and Canada, flock to their second homes in Lauderhill. Lauderhill's year-round residents include approximately 10,000 retirees, who are located throughout the City.

Working residents hold a range of jobs typical of those in the South Florida economy. These include positions in retail sales and other services, especially in the medical and tourism sectors, communications, municipal and county government, construction, and financial services. The broad base of Lauderhill's economy is representative of Western Broward County, which is less dependent on tourism than the beach areas to the east.

Lauderhill's property tax base is primarily residential. The City has an industrial park with many small firms operating in warehouses under 10,000 square feet but no large firms that comprise a significant portion of the tax base. Lauderhill's residential tax base is rather evenly divided between single-family homes and multi-family condominiums and apartments.

FINANCIAL GUIDELINES

The City of Lauderhill while developing its FY 2020 operating budget also includes an examination of the factors that will influence the multi-year financial state of the City. The above outlined Strategic Plan along with the Comprehensive Plan and the Five Year Capital Improvement Plan all outline the short and long term proprieties and infrastructure needs.

The purpose of the long term financial planning is to provide the information needed to evaluate the operating and capital budget and the setting the priorities in the budget document. The long term plan serves as the building blocks for future budgetary decisions between the availability of revenue and the prioritizing expenses.

Financial policies serve as a guide for making short-term and long-term budgetary and fiscal decisions. The policies support the strategic direction of the City and contribute directly to the excellent fiscal reputation of the City. The City Commission, as part of the FY 2020 budget, confirms the following financial policies:

Budgetary Practices

Balanced Budget: The City must adopt a balanced annual budget by September 30 of each fiscal year per Florida Statutes Sec. 166.241 (2). City Commission policy is that the budget will provide the resources necessary to enhance or maintain the level of services. A balanced budget is defined as one in which total projected revenues and other financing sources are equal to total anticipated disbursements, including established reserves.

The FY 2020 budget maintains all existing services and includes continued efforts to address neighborhood revitalization and community livability. Total revenues and other financing sources (such as bond proceeds and use of prior year reserves) are equal to total expenditures and other financing uses.

City Charter Article I, Sec 1.04 defines the rights to Public Budget Process, Management Report and Fund Balance below.

Rights to Public Budget Process - As provided in the Florida Statutes, the City Manager shall annually prepare a budget which illustrates the cost of each City program. Prior to the City Commissioner's first public hearing on a proposed budget, the City Manager shall publish a budget summary which sets forth the proposed cost of each individual program, all major proposed increases and decreases in funding and personnel for each City program, the reasons for any increase or decrease, the estimated millage cost of each program, and the amount of any contingency and carryover funds for each program.

Right to a Management Report on the Performance of City Government - As provided in the City of Lauderhill Charter and Code of Ordinances, the public is entitled to have access to a Management Report published by the City Manager, and made public on a quarterly basis, detailing the performance of the City government offices, divisions and departments. The Management Report shall include, but not be limited to, a report on the receipt and expenditure of City funds by each City Office, division and department, and a report of the expected and actual performance of the activities of each County office, division and department.

<u>Fund Balance:</u> The unreserved portion of the General Fund, fund balance, as of September 30 of each year, must be maintained at a level that equals, at a minimum, approximately 10% of the adopted General Fund operating and debt service expenditures for the subsequent fiscal year. Should the 10% minimum be not attained, the City Manager will submit a plan to the City Commission to correct such measure by the third fiscal year following the occurrence. This requirement was established by Resolution 11R-06-99.

Long Term Financial Planning: The City's long range financial planning process provides the necessary information to prepare for unexpected contingencies and helps to maintain the City's viability and sustain the levels of service to the City's residents and businesses.

Based on this policy, the minimum unassigned fund balance for FY 2019 is \$7,544,975 and FY 2020 is anticipated to be at or above 10%.

The following guidelines are established by City Administration and past practice:

<u>Mid-Year Review and Adjustments:</u> During each fiscal year, there is a mid-year review of the budget, budget adjustments which propose to use General Fund undesignated, unreserved fund balance should be minimized to address only critical issues. Nevertheless, funds in excess of the recommended 10 percent of undesignated, unreserved fund balance may be available for appropriation by the City Commission to meet deferred or newly identified operational or capital requirements.

Long Term Financial Planning: The long term planning process incorporates the adjustments made to the current year's budget and its impact on the long range financial plan and on the availability of future resources

The FY 2020 budget will continue to adhere to this policy.

Revenues

Long Term Financial Planning: The long term financial planning process provides the information needed to anticipate factors that will affect the revenues and revenue collection, and to react to these factors ensuring that future service needs are not affected.

<u>Diversification:</u> The City shall take proactive steps to maintain a diversified revenue stream to lessen its dependence on real estate taxes as the primary source of General Fund revenue and to shelter the City's finances from short-term fluctuations in any single revenue source.

The FY 2020 budget maintains a mixed revenue base with combined business and consumer-related taxes and permits (e.g., consumer utility taxes, business license fees, franchise fees and rents and royalties) and receipts from charges for services constituting 67% of total General Fund recurring revenues. Total projected general property taxes for FY 2020 will provide 35% of total General Fund revenues and other financing sources.

<u>Fees and Charges:</u> The City strives to set enterprise fund fees and charges at a level sufficient to recover all costs not subsidized by non-operating revenues and use of prior year reserves.

The FY 2020 budget for the enterprise funds (Water and Sewer Fund, Stormwater Water Fund) are fully self-sufficient and require no operating transfers from the General Fund.

Expenditures

Long Term Financial Planning: The long term financial planning process supports the sustainability of any expenditures added to this and future year budgets. Any reductions in funding is based on long range forecasting and were deemed most prudent to protect the fiscal health of the City.

Operating Expenditures: The City maintains budgetary control at the fund and department level. Monthly reports of comprehensive financial data will be generated; displaying such information as approved budget amounts, year-to-date expenditures and encumbrance totals, and remaining budget balance by line item. In addition, a summarized monthly report is prepared for the City Commission which compares actual to budgeted/projected revenues and expenditures for all funds of the City. The report notes any significant variances from expected results and recommends actions to bring the budget into balance, if necessary.

The FY 2020 budget continues to adhere to this policy.

Debt Service:

• The City strives to retain, at a minimum, an A+/A1 credit rating from at least two of the three major Municipal bond credit rating services (e.g., Moody's Investors Services; Standard & Poor's Credit Market Services; and Fitch Ratings, Inc.).

As of April 2018 the City's current general obligation credit ratings are as follows: A1 from Moody's; and A+ from Standard & Poor's.

• The City's historical debt management practice has been to keep the level of indebtedness within legal debt limitations established by resolution and keeping the cost to the taxpayer at a minimum. While the City has set no legal debt limit, specific policies

have been established as part of the Debt Management Policies.

One such policy is that any capital project financed through the issuance of general obligation, revenue and/or special assessment bonds shall be issued for a period of not more than twenty years or for a period exceeding the expected useful life of the asset or project. The City is required to maintain debt service ratios at levels for compliance with coverage requirements in bond documents. There are several key debt ratios that investors and financial analysts use when reviewing a city's credit worthiness. As part of its overall policies, the City reviews such ratios used by the national credit rating agencies. Additionally, the financial management practices that are in place have allowed the City to build up the general fund reserves and commit to sound financial practices.

Capital Improvement Program:

 To facilitate the financial planning and decision making process, the City will annually prepare a five-year projection of General Fund revenues and expenditures, Undesignated Fund Balance, and Capital Financing Potential.

The Capital Improvement Program for FY 2020 through 2023 will be adopted by the City Commission. The FY 2020 portion of the CIP is incorporated into the City's FY 2020 budget and is adopted as part of the FY 2020 annual budget. The remaining years of the CIP, FY 2020 through 2023 are scheduled for City Commission public hearing and adoption throughout FY 2020 and reviewed annually.

• The CIP project totals must conform closely to the constraints identified in the annual projection of revenues, expenditures, fund balance and available funds for capital projects.

The CIP for FY 2020 through 2023 continues to adhere to this policy.

• The City funds a portion of capital improvements with current revenues. These revenues do not include other financing sources such as proceeds from the sale of land and buildings, bond issues, capital leases or use of unreserved, undesignated fund balance.

For FY 2020, the City will allocate \$5,293,000 in revenue from the Water, Sewer and Stormwater funds to fund capital improvements within those funds.

• Enterprise fund revenues are to be used to support construction costs or debt service for capital facilities for the respective operations whenever possible. General fund transfers may be used to support the development of Enterprise Fund capital facilities.

The CIP for FY 2020 through 2023 continues to adhere to this policy. The FY 2020 budget does not include any anticipated transfer from the General fund to support Enterprise fund capital facilities.

• Additional operating expenditures or net cost savings, which result from the acquisition or construction of major public facilities, must be factored into the City's total projected

operating expenditures for subsequent fiscal years.

A critical component in analyzing each individual capital project is its projected future operating and debt service costs or potential cost savings. These additional costs or savings are more fully described in the CIP document itself; in the City Manager's FY 2020 Budget transmittal letter; and in the FY 2020 Capital Projects Funds budget.

Debt Service

Current and Future Debt Issue

In 2005, the City issued \$35 million general obligation bond to provide for the acquisition and construction of major capital projects within a five-year period. General obligation bonds are direct obligations and pledges of full faith and credit of the government. As of September 30, 2019, GO Bond 2005 has an interest rate of 5 % and matures in 2030.

In 2017, the City issued a second general obligation bond to continue its commitment to the improvement of the infrastructure of the City. The \$43.6 million dollar bond has a five year period for all acquisition and construction to be completed. As of September 30 2019, the 2017 GO Bond has an interest of between 2-5%. The first issuance matures in 2042 and the second and final matures in 2043.

The City also issues revenue bonds for both the governmental and business-type activities. Prior year revenue bonds total \$81.4 million. Refunding of bonds totaling \$11.2 million were pursued to take advantage of lower interest rates. Revenue bonds outstanding as of September 30, 2019 totaled \$42.4 million.

State revolving fund loan

The City has entered into State Revolving Loan Funding Agreement with the Florida Department of Environmental Protection to finance various projects for stormwater and water and sewer improvements. The loans were made available on a reimbursement basis at below market interest rates. The total funding from these agreements amounts of \$11.1 million. Outstanding as of September 30, 2019 is \$3.7 million in the Stormwater and Water and Sewer Funds.

Capital Leases

The City entered into lease purchase agreements with Old National Bank, SunTrust and City National Bank as lessees for financing the acquisition of equipment. The agreements were initiated 2014 and 2018 and will expire in, 2020 and 2023 respectively.

Debt service requirements

Debt service requirements for revenue, general obligations and state revolving fund loans are listed below:

Budgetary Basis

Lauderhill follows Section 218.33 of the State of Florida Statutes regarding uniform accounting practices and procedures. Budgetary basis refers to when revenues, expenditures or expenses and transfers are recognized in the accounts and reported in the financial statements.

Governmental Funds

Governmental Funds are the funds through which most governmental functions are typically financed. Governmental Funds are accounted for following the modified accrual basis. Therefore, unless susceptible to accrual, (i.e., when they become measurable and available as net current assets), all revenues are recognized when received and expenditures are recorded when the related fund liabilities are incurred.

Revenues that are considered susceptible to accrual are property taxes, utility and franchise taxes, licenses and permits, fines and forfeitures, and charges for services. Intergovernmental revenues and interest income are recognized when earned. Expenditures that are susceptible to accrual are unused vacation and sick pay benefits and interest on long-term debt. Accrued vacation and sick pay benefits consist of amounts earned but unused that will be liquidated with expendable available financial resources. Interest on long-term debt is recorded when paid.

City of Lauderhill Governmental Funds are:

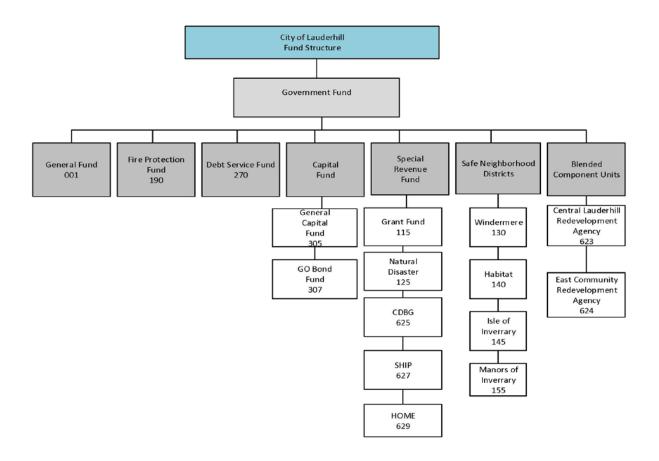

- 1. *General Fund* The city's operating fund and includes accounts for Fire (EMS), Administration, Police and Code Enforcement.
- 2. Fire Protection Special Revenue Fund- Fire Department including administration, fleet and inspection services
- 3. *Debt Service Fund* Includes the revenues and expenses for voter approved long term debt and revenue bonds.
- 4. Capital Project Fund General capital improvement revenue and expenditures
- 5. GO Bond Project Fund- GO Bond 2017 vote debt revenue and expenditure
- 6. Special Revenue Funds includes the grant funds including natural disaster, community development block grant, and state housing initiative partnership.
- 7. Safe Neighborhood Program Funds Special Revenue fund that includes the revenue and expenses for the 4 safe neighborhood districts.

Blended Component Unit

The City is financially accountable for all component units if it appoints a voting majority of the organization's board and it is able to impose its will on the organization or there is a potential for the organization to provide specific financial benefits, or impose specific financial burdens on the City. Blended component units, although legally separate entities, are, in substance, part of the government's operations.

City of Lauderhill Blended Component Units are:

- 1. Central Lauderhill Redevelopment Agency's
- 2. East Community Redevelopment Agency's

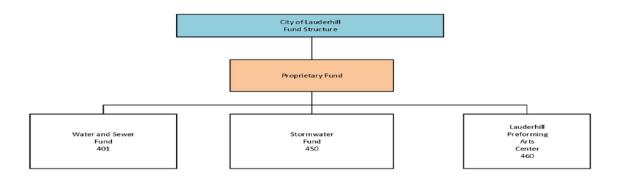

Proprietary Funds

Proprietary Funds follow the accrual accounting basis. Proprietary Funds are used to account for assets, liabilities, equities, revenues, expenses, and transfers for governmental activities that are similar to those of the private sector. The primary focus of Proprietary Funds is to measure net income and capital maintenance. Therefore, under the accrual method, revenues are recognized in the accounting period in which they are earned while expenses are recognized in the accounting period in which the related liability is incurred. There are three Proprietary Fund that are accounted for in the City of Lauderhill's budget- Utility Enterprise Fund.

The City of Lauderhill has three Enterprise Funds, the Water and Sewer Utility Fund, the Stormwater Fund and the Performing Arts Center Fund. Two of the Enterprise Funds account for water and sewer distribution and collection of stormwater control activities of the City. The third oversees the operations of the Performing Arts Center.

City of Lauderhill Enterprise Funds are:

- 1. Water and Sewer Utility Fund- provides water and sewer services to all residents except the annex areas.
- 2. Stormwater Control Fund- includes Stormwater services for all residents and business of the City of Lauderhill
- 3. *Performing Arts Center Fund* includes revenues and expense for the Lauderhill Performing Art Center.

Budget Summary

The Budget Summary includes expenditures and revenues organized into tables and graphs

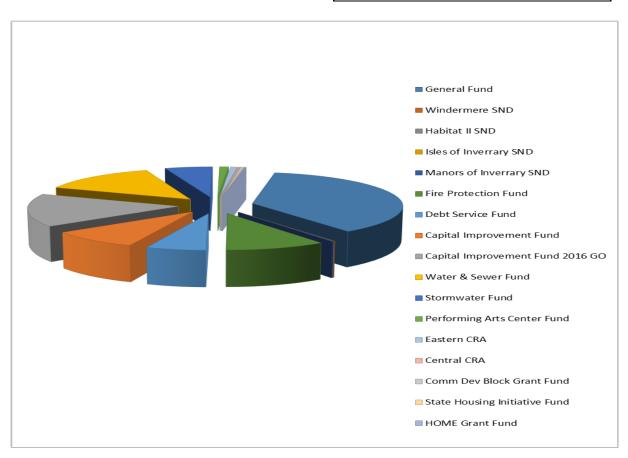

Also, the summary section includes summary tables for staffing levels, debt service, and fund balances, in addition to trend information to explain how this budget relates to past and future budgets.

Budget Detail

The Budget Detail section includes line item revenue and expenditure amounts for all divisions comprising the City's budget. In addition, the Detail section includes program budget information and backup information for selected line items. This information breaks down the composition of individual line items and programs for further analysis and discussion.

Budget information is grouped by department. The City Departments include City Commission, Administration, City Clerk, Finance and Support Services, City Attorney, Human Resources, Police, Fire-Rescue and Inspections, Parks and Leisure Services, Engineering and Environmental Services and Non-departmental budgets.`

Charter Officers

The City of Lauderhill is governed by a Commission/Manager form of government. The Commission consists of five (5) elected members. A Mayor and four Commission members are elected from an at-large citywide election. All members serve four (4) year terms, which are staggered to ensure that no more than three (3) members are up for election at one time.

The primary focus of the Commission is to set the direction of the city. This is achieved through setting goals and objectives that are carried out by the city's professional staff, adopting the city's Annual Operating and Capital Budgets, setting and approving legislation that affects the quality of life for the residents of Lauderhill. The Commission meetings are scheduled for the second and last Monday of each month with special meetings and workshops scheduled as needed. All meetings are open to the public.

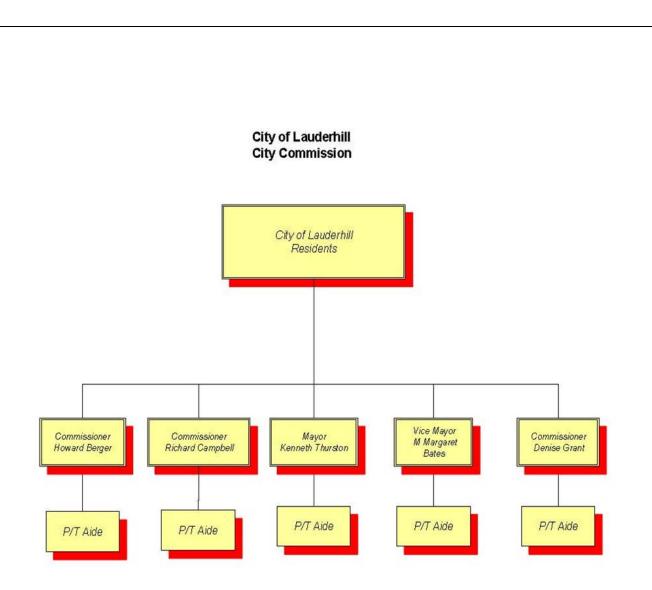

The City Clerk is responsible for records retention, destruction and maintenance for the City of Lauderhill. Records Retention is required by Florida Statute 119. In addition, the City Clerk prepares City Commission agendas and acts as administrative staff to the City Commission. The City Clerk's statutory duties also include serving as the local election official. The City Clerk's office is where the public and staff go for information, copies of legal documents on file as public records, and general answers on various governmental matters.

The City Attorney provides legal services for internal and external issues and defends the City in all legal matters. Lauderhill contracts with the firm of Hall & Rosenberg for City Attorney services.

Accomplishments for Fiscal Year 2019

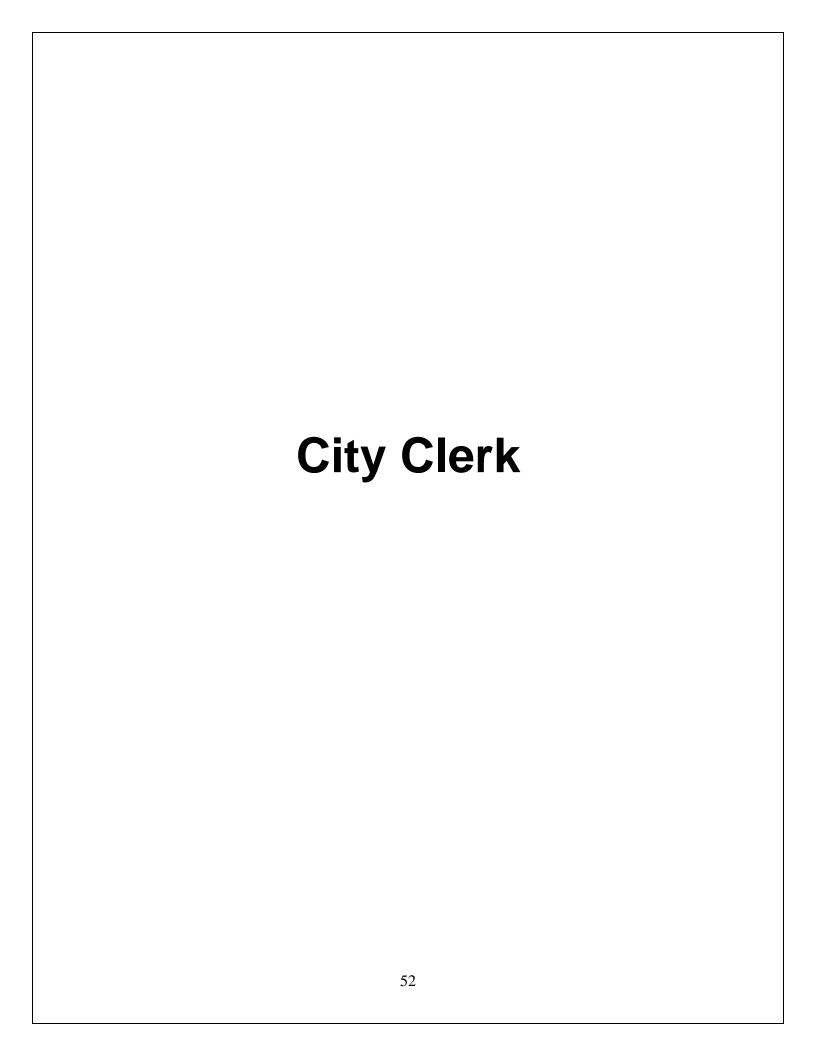

- Maintained compliance with State and County ethics statutes for elected officials and city staff
- Maintained compliance with State Statutes for record retention and public records

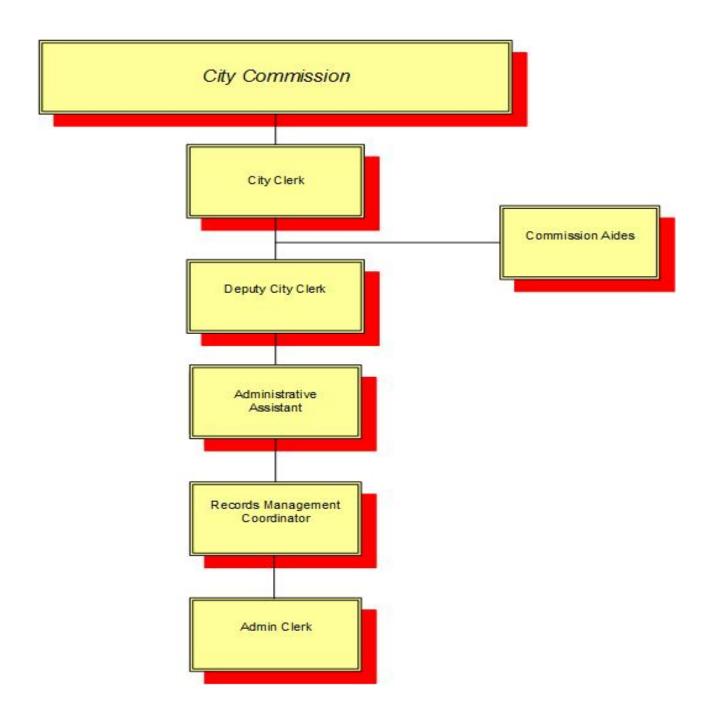

CITY COMMISSION -101

Administration

The Administration Department of the City of Lauderhill comprises the City Manager's Office, Management and Information Services, Park Rangers, Public Relations, Human Resources, Code Enforcement, Fleet Maintenance and Facilities Division. The City Manager is appointed by the City Commission and serves at their discretion. The City Manager is responsible for the overall management of all City departments. The City Manager's office is specifically responsible for management and administration of the City's four safe neighborhood districts programs and budgets, garbage and recycling and applying for and monitoring grants.

Management and Information Services is charged with providing information technologies, including computer hardware and software purchasing and maintenance, telecommunications, broadband internet service and Wi-Fi management for city installations. The MIS Division manages a citywide fiber optic network and advises on information systems installations at new and existing city buildings. In FY 2019, the MIS division remained focus on the City's security and maintaining the previously established technological roadmap.

The Public Relations Division oversees and ensures the implementation of City special events, including the annual Martin Luther King, Jr. event, the Mayor's Jazz Concert Series, Jammin' in the Park, Veterans Day event, new building and park dedications and other events as needed. The division is proud to celebrate the addition of the Holiday Tree Lighting and Jazzin' in Bradley Park. Both events were a resounding success and well received by residents and visitors to the City of Lauderhill. In addition, the Division reviews applications and issues permits for private special events such as concerts, festivals and promotions to ensure that adequate security, parking, sanitation and other amenities are provided.

The Human Resources division oversees the hiring process and addresses employee retention issues. The division is also responsible for the development and distribution of Policies and Procedures and conducts city-wide training. Human Resources oversees and participates in disciplinary actions governed by three separate union contracts and participates in contract negotiations The division also administers benefits enrollment and distribution as well as the insurance renewal process for health, dental, and Section 125 plans. The Human resources division has sharpened its focus on overall employee wellness including the push of the GO365 Fitness Program managed by Humana. Human Resources also provides risk management administration, including safety training, tracking and filing of insurance claims and negotiating the renewal of the General and Property Liability and Workers Compensation insurance policies.

Code Enforcement enforces City ordinances related to business licensing, commercial and residential property maintenance and appearance, sanitation, parking, noise and miscellaneous provisions related to the safety and aesthetics of the community. Code officers work in shifts that cover evenings and weekends in addition to regular office

hours. Code Enforcement continues to work on community engagement by participating in four ride-along with community leaders and representatives. Violations that are not corrected in a prescribed time are adjudicated by a seven-member board of residents who may dismiss the violation, grant additional time for correction or impose a fine that becomes a lien on the property if not promptly complied and paid.

Fleet Maintenance is responsible for the operation of the City garage adjacent to Fire Station 57 in central Lauderhill. The garage has fuel storage and pumps to serve City vehicles, provides minor repairs and preventive maintenance, and coordinates contracting with local dealers and repair shops for major repairs. Fleet Maintenance continues to perform 96% of all repairs in house, and replace over 70 cars from the City's aging fleet.

The Parks Rangers division successfully conducted 802 patrols in all City parks and facilities. The division aides in ensuring the safety of elementary school children to and from school. The Park Ranger division is working to improve and standardize the security at parks and facilities and continues to assisting raising residents' perception of Lauderhill being a great City to live work and play.

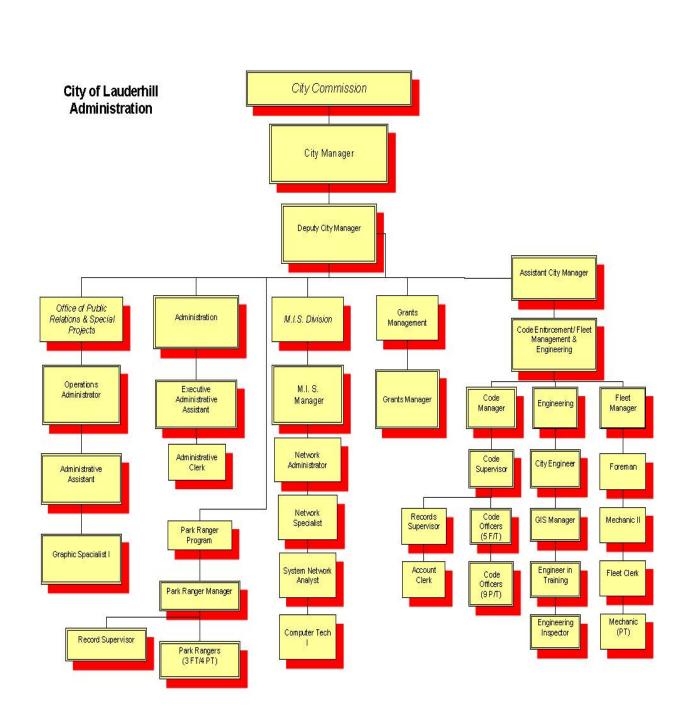

The newest division in Administration is the Facilities division. This division is tasked with the maintenance of the City facilities. The staff of nine work on minor renovations throughout the City to improve the use of facilities in a cleaner, brighter environment.

Accomplishments for Fiscal Year 2019

- Code Enforcement issued 4942 notices of violations and removed 1163 illegal signs.
- Recognize a \$277,115 savings in in insurance renewal through employee participation in the GO365 program.
- Public Relations has successfully increased the City's social media presents including the 3,728 Facebook followers, 842 Twitter and 1,773 Instagram followers.
- Received grant funding totaling \$4.4 million dollars.

Goals for Fiscal Year 2020

- GOAL GROWING LOCAL ECONOMY, EMPLOYMENT AND QUALITY OF LIFE: Continue to
 utilize social media platforms in order to increase digital reach to our residents and
 visitors.
- GOAL GROWING LOCAL ECONOMY, EMPLOYMENT AND QUALITY OF LIFE: Launch the Destination Lauderhill YouTube TV show.
- GOAL SAFE AND SECURE CITY OF LAUDERHILL: Install 73+ license plate reader cameras throughout the City

Finance and Support Services

The Finance and Support Services Department comprises the Accounting, Purchasing, Management and Budget, Building, and Planning and Zoning divisions. The Department also manages Economic Development and the Community Redevelopment Agency.

The primary objective of the Finance and Support Services Department is to maintain a fiscally sound governmental organization and provide effective support to operating departments at an efficient cost. The Accounting, Purchasing and Budget divisions are responsible for adhering to legal requirements and generally accepted accounting principles, maintaining competitive procurement procedures, providing for effective investments and debt management, billing and collection for business license taxes and numerous miscellaneous revenues, maintaining an accurate fixed asset management program, and the development and monitoring of the city's annual budget

The Building division and the Planning and Zoning division work together to review plans for all construction and property development in the City. Planning and Zoning maintains the City's Comprehensive Plan and Land Development Regulations, which specify the types of development allowed in the City and where and how different uses can be accommodated. The Building division issues permits for construction, conducts inspections of ongoing work, and certifies that new buildings and renovations are constructed in compliance with the South Florida Building Code. The Building division is also responsible for inspecting properties damaged through fire, disaster or neglect and determining when they are unsafe for occupation.

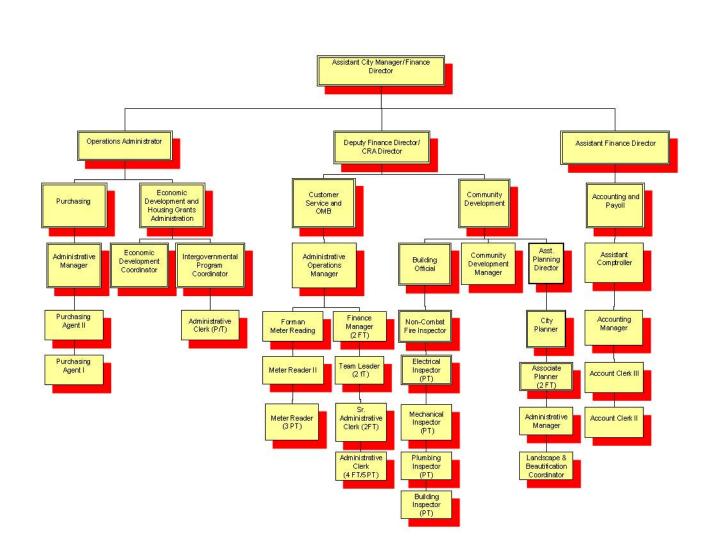

Accomplishments for Fiscal Year 2019

 Received Certificate of Achievement for Financial Reporting from Government Finance Officers Association for annual financial reports

- Launched the Neighborhood Improvement Plan that facilitated the free "Living Your Best Life" Empowerment Series.
- Successfully hosted the Jazz under the Stars and Beer-B-Que events
- Launching the Micro Loan Program that provides financing to small businesses seeking to relocate or expand their business in Lauderhill.

Goals for Fiscal Year 2020

- GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND
 VALUES DIVERSITY: Maintain Commission mandate of General Fund Unassigned
 Fund Balance of at least 10% of operating expenditures
- GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND VALUES DIVERSITY: Automate and streamline purchasing functions through acquisition of new procurement and contracting software.
- GOAL GROWING LOCAL ECONOMY, EMPLOYMENT AND QUALITY OF LIFE: Continue the
 Opportunity Zone Program with marketing of the City's Investment Prospectus to
 a national audience.

Police Department

The Police Department provides the community with a law enforcement system that integrates and utilizes all of the City's resources to provide protection for the property and residents of the City of Lauderhill. The primary area of focus for the Police Department is community safety and protection of the health and welfare of the residents of Lauderhill.

The Police Department comprises four divisions. Administration includes the command staff and executive office staff. Operations includes the patrol officers and detectives and represents the majority of the budgeted funds. The School Resource Officer division charged with securing the educational facilities within the City. Support Services includes the forensics and crime scene technicians, service aides that can handle non-emergency calls for service and the victims' advocate unit.

The major programs of the Police Department include:

- Emergency response to criminal activities and citizen calls
- Criminal investigations
- Enforcement of traffic laws, City Ordinances and the promotion of traffic safety
- School crossing guard service, youth related services, in-school programs
- Victim advocate services
- Community oriented policing activities including meeting with neighborhood groups and condominium associations.

Accomplishments for Fiscal Year 2019

- The Uniform Crime Reporting statistics revealed a 38.9% reduction in homicides, 11.3% reduction in robberies, 23.4% in larcenies and 33.6% in motor vehicle thefts.
- There have been 22 new hires including 2 police cadets and 10 police officers
- Improve communications with the public through programs such as the "Just Don't" campaign

- Continued participation in youth programs such as Rescue Our Kids, Guardians
 Involved for Tomorrow and the Police Explorer's Boot Camp Academy.
- Introduction of a new record management system, which connects the LPD with other agencies in Broward County.
- Implementation of the Police Body Camera program.

Goals for Fiscal Year 2020

- GOAL SAFE AND SECURE CITY OF LAUDERHILL: Commence construction of a new training facility that includes a gun range and evidence storage facilities
- GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND
 VALUES DIVERSITY: Roll out of a "Police to City Online Reporting Program" that
 enables citizens to use kiosks or the app to receive information about their
 reports.
- GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND VALUES DIVERSITY: Acquiring additional equipment such as portable Bluetooth fingerprint scanners and drones, in order to increase efficiency of field investigations.

Fire Department

The Fire Department comprises Firefighting, Rescue, Fire Inspection and Fire Fleet Maintenance divisions. Firefighting provides superior fire protection and fire prevention programs to the citizens of Lauderhill. Rescue provides Basic Life Support and Advanced Life Support to residents in emergencies and transport to local hospitals and trauma centers when necessary. Fire Inspection conducts annual inspections of commercial and multi-family properties as well as all new construction to ensure compliance with Fire Safety provisions of the South Florida Building Code and state and national standards. Fire Fleet Maintenance provides routine vehicle maintenance that is specific to the standards required for emergency response vehicles.

Fire and Rescue operations work out of four stations that are staffed and operational 24 hours per day, 7 days per week to provide superior coverage and response times to emergencies. 911 communications are provided by Broward County from a central office.

Accomplishments for Fiscal Year 2019

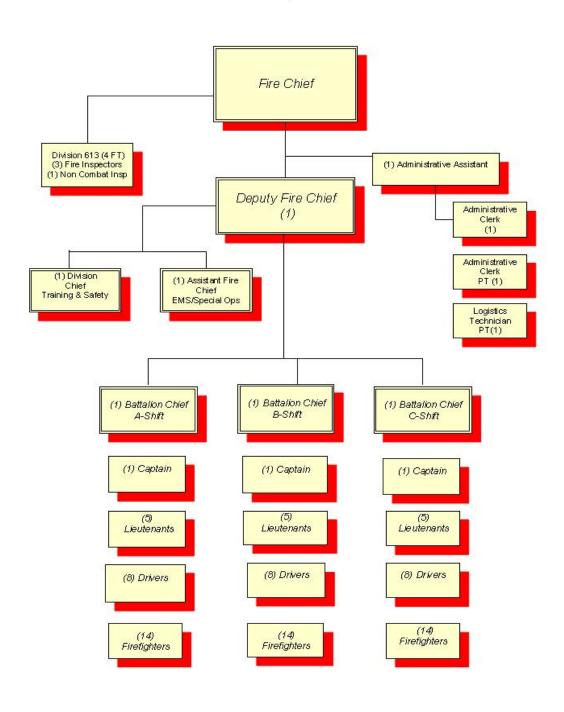

- The Fire Rescue Department ran 15,568 calls and had a 2.2 minute decrease in transport time.
- EMS Division completed the Stop the Bleed Program training
- Received the Award of Excellence on Stroke Survivor Day
- Completed 4,404 inspections an almost 50% increase for last year
- Implemented a plan to Reduce Wear & Tear of fire apparatuses and increase fleet longevity

Goals for Fiscal Year 2020

 GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND VALUES DIVERSITY: Acquire a complete set of battery operated hydraulic extrication tools

Goal Safe and Secure City of LauderHill: Increase Community Emergency
Response Team (CERT) participation by an additional 5%
88

Parks and Leisure Services Department

Parks and Leisure Services (PALS) includes 15 budget divisions that encompass a wide range of recreational facilities, programs and activities. The programs and facilities are accessible to all residents and contribute to the physical, mental, social and cultural needs of the community, and promote community pride and diversity.

PALS directly operates and maintains 11 active parks comprising 90 acres and 10 passive parks comprising 27 acres in Lauderhill. PALS also operates four community centers and three swimming pools in addition to a golf course and numerous athletic fields. PALS also provides programming on fields at Broward County Schools located in Lauderhill.

The department seeks to satisfy three distinct community recreation needs including recreational services, health and social services, and transportation.

Recreational services are provided through a variety of youth, adult and senior activity programs including swimming, soccer, cricket, track, golf, art therapy, special events, summer camp, field trips, jazzercise, aerobics, weight fitness, exercise trails, judo, karate, yoga, dance, steel pan, baseball, football, netball and basketball.

Health and social services are based in community centers such as the Sadkin Senior Center, St. George Community Center and Windermere Community Center and include after school care, literacy and computer programs, entertainment and lectures, arts and crafts, and health fairs and wellness programs.

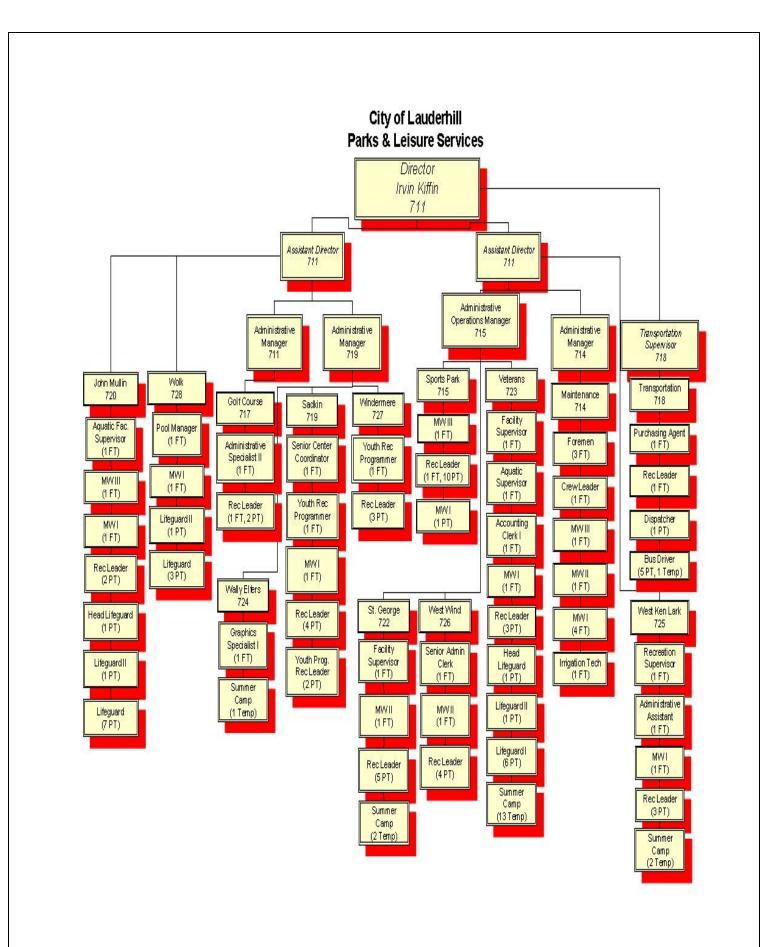

Transportation is provided through a City bus system that operates six routes at subsidized fares throughout Lauderhill and connects to the Broward County bus system and designated stops and at the bus transfer station at the Lauderhill Mall. PALS also coordinates medical and special needs transportation for residents through Broward County's system.

Accomplishments for Fiscal Year 2019

- Offered residents 1,535 program, event and club opportunities.
- New Lauderhill Youth Council saw six teens get appointed by the City
 Commission to serve as official Lauderhill Youth Council Board Members
- Managed 16 G.O bond projects, 2 FRDAP Projects, one playground build, and resurfaced the main pool at John Mullins Park.
- Provided SCUBA Diving lessons as a recreational therapy for individuals with disabilities, veterans, and other special needs groups.
- Playful City USA Honoree
- SAKE Program awarded \$28K in scholarship funding to 45 scholar athletes

Goals for Fiscal Year 2020

- GOAL OPEN SPACES AND ACTIVE LIFESTYLES FOR ALL AGES: Increase participation in youth sports and available programs.
- GOAL OPEN SPACES AND ACTIVE LIFESTYLES FOR ALL AGES: Continue to efficiently manage PALS related G.O. Bond Projects

Public Works Department

The Public Works Department is responsible for Streets and Median maintenance, Building maintenance, Parks and Grounds maintenance and Stormwater drains and canals maintenance. Public Works Department is charged with cleaning the 165 acres of canal water within the City. Public Works through its operations and facilities maintenance division continues to provide clean green services to the seven main building in the City.

Accomplishments for Fiscal Year 2019

- Completed the cleaning of 42 culverts in the City
- Completed the cleaning of 31 catch basins and installed 1,200 larvicide tablets in catch basins and canals.
- Completed the restriping of approximately 50 project locations
- Repaired 124 sidewalks throughout the City.
- Employees attended over 25 training classes and educational opportunities.
- Removed over 3,654 bags of litter
- Upgrades to Pump Station A

Goals for Fiscal Year 2020

- GOAL CLEAN, GREEN SUSTAINABLE ENVIRONMENT: Maintain city facilities and infrastructure both physically and aesthetically to standards established by Administration
- GOAL EFFICIENT AND EFFECTIVE CITY GOVERNMENT, CUSTOMER FOCUSED AND VALUES DIVERSITY: Continue cross training personnel to help improve project efficiency, standards and completion time

goals	ecific needs and imple	ment department-s	pecific cleaning

- to standards established by Administration
- Continue cross training personnel to help improve project efficiency, standards and completion time.
- Identify building-specific needs and implement department-specific cleaning goals.

Utilities Department

The Utilities Department is responsible for Water production, Water wells, pumps and treatment and Wastewater collection and pumping to Broward County facilities for treatment and disposal.

The Utilities Department is responsible for providing safe and adequate domestic water to the residents of Lauderhill. Utilities pumps, treats and distributes an average 6 million gallons of potable water per day.

Utilities maintains approximately 100 miles of wastewater collection pipes and 53 lift stations that collect and pump wastewater to a central treatment facility operated by Broward County.

Accomplishments for Fiscal Year 2019

- Issued and distributed the Consumer Confidence Report regarding the quality and safety of City water supplies
- Installed emergency generators at lift station 9, 17, 18 and 21
- Commenced construction of NW 21st Street Infrastructure Improvementscurrently at 95% completion of the project.
- Successfully repaired 36 water main and service line breaks.
- Efficiently treated and produced approximately 6 million gallons of safe quality drinking water per day.

Goals for Fiscal Year 2020

- GOAL SAFE AND SECURE CITY OF LAUDERHILL: Continue Inspection and Maintenance of the City's approximately 1,400 fire hydrants approximately and 4,000 water distribution valves.
- GOAL CLEAN, GREEN SUSTAINABLE ENVIRONMENT: Replace existing 12" water main along 34th avenue, relocation of lift station 25 along Inverrary Boulevard, retrofit the main generator at the Water Treatment Plant and replace disinfection chlorine gas system with liquid chlorine

Safe Neighborhood Districts

The City of Lauderhill in accordance with Florida Statute 163 and City Code of Ordinances Chapter 2 Article 5 has created Safe Neighborhood Districts to fund crime prevention through community policing innovations, environmental design, environmental security, and defensible space functions of neighborhood improvement districts.

For Fiscal Year 2020, there are currently 4 Safe Neighborhood Districts in operation which have all enjoyed increases in property values since thier inception. They are:

- ➡ Windermere/Tree Garden Safe Neighborhood District
- Habitat II Safe Neighborhood District
- Isles of Inverrary Safe Neighborhood District
- Manors of Inverrary Safe Neighborhood District

WINDERMERE/TREE GARDEN SND - 130

Capital Improvement Fund (CIP)

INTRODUCTION

The City of Lauderhill's comprehensive plan provides for the capital improvement necessary to correct deficiencies, accommodate desired future growth and to replace workout facilities. The Five-Year Capital Improvement Plan projects the maintenance and needed improvements of the City's facilities and infrastructure, while carefully balancing the City's financial capacity and budgetary needs. The adoption of a Five-Year CIP enables the City to proactively address and evaluate infrastructure needs over multiple years. It provides the opportunity to phase project funding, to coincide with projected construction schedules and the availability of funds. The CIP also enables the City to plan for the impact of new facilities on future operating and debt service budgets. The Capital Plan provides both the public and Commission with information about the City's plans for new facilities and infrastructure. The CIP development and approval process is a separate budgeting process from the operating budget.

Capital projects are prioritized based on the policies of the City Commission articulated through the Commission's goals and the adopted Comprehensive Plan. Other criteria include the need to protect health and safety, the maintenance of City infrastructure, compliance with Federal and State mandates, and minimizing the impact of additional operating costs to tax payers. The City utilizes a combination of pay as you go, grant funding and bond/debt to fund capital projects.

FUNDING SOURCES

The FY 2020 budget in funding for general revenue bond in the amount of \$15 million dollars. These funds will be utilized to fund the construction of Wet Ken Lark Park competition track, a new outdoor swimming pool at the St George Park, the 38th Ave Construction and the new Fleet facilities.

Other Funding Sources and Loans are funding sources used to purchase capital items through a financial institutions with a contractual obligation and interest and principal paid over time. In FY 2018, the City obtained a lease financing to begin an aggressive fleet replacement program. This program ensures that its ageing fleet would be updated to keep up with the needs of the City. The FY 2020 budget continues to fund repayment of this financing using, in part, funds saved from repair cost to the aged fleet as well as a minimal increase in millage rates.

<u>General Obligation Bond</u> is a funding source that requires voter approval to fund major capital improvements. Funding is a separate millage rate from the general millage rate. The FY 2020 budget continues GO Bond 2017 which funds public safety, parks and streets and roads projects.

CIP IMPACT

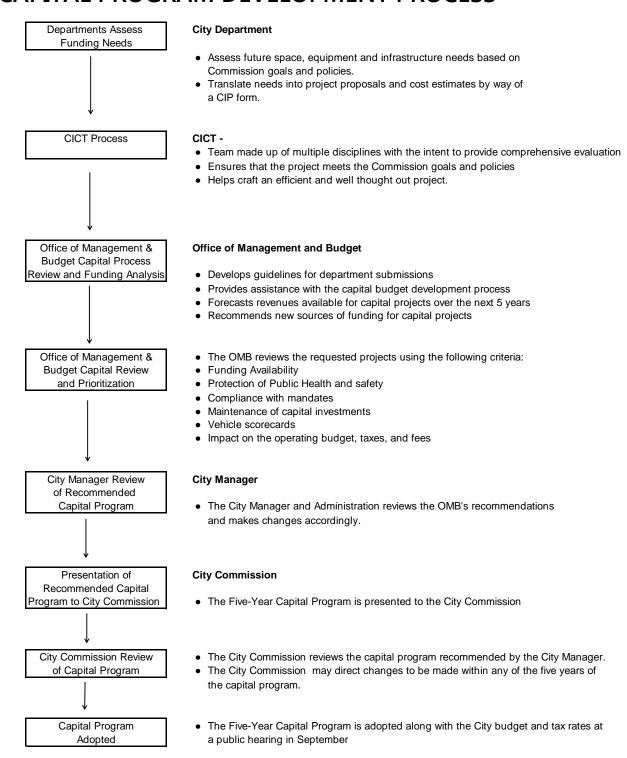

The City annually reviews the Capital Improvement Element of the Comprehensive plan to ensure that the fiscal resources will be available to provide for the needs and demands of the public. The long term financial planning process must take into account the initial acquisition and construction cost of the capital resource as well as the impact on the operating budget.

The FY 2020 budget includes the addition of several members of staff, including a capital project manager and maintenance workers in the Facilities departments. These position have been deemed necessary due, in part, to the additional capital infrastructure and the daily maintenance of the new and improved City facilities. The impact on the FY 2020 budget is estimated at \$109,000.00. These increases in salaries will be offset by savings in operating expenditure and increase revenue to be generated from the improved infrastructure at facilities. The FY 2020 budget includes a reduction in building maintenance budget as renovations to some of the City's oldest facilities have improved the energy efficiency and durability of each building.

The true impact of many of the CIP projects speak to the improvement of the residents and visitors of impression of the City as a great place to live, work and play. As the City

mind. The measure of each department		ection of projects ave been incorpo	rated into the ope	rating budget
or each acpartment	•

GLOSSARY of Budget Terms

Accrual: A basis of accounting in which revenues are recognized within the earned period and expenses are recorded when goods or services are rendered.

Ad Valorem Tax: A tax based on value; for example, property tax.

Administration Fee: An annual transfer of funds from the Enterprise Fund to the General Fund. This fee covers the costs in the General Fund of administration, billings, and collections that are accounted for in the General Fund. In FY 2020, the transfer will be \$8,386,003.

Appropriation: A legal authorization granted by the City Commission to make expenditures and to incur obligations for a specific purpose.

Audit: An inspections of records, operations systems, inventories, etc. to ensure accuracy or to verify desired outcome.

Balanced Budget: Annual financial plan in which expenses do not exceed revenues.

Bond: A pledge to repay borrowed money at on a particular date in the future, known as date of maturity. Particularly, bonds involve an agreement to pay a specified dollar amount of interest at predetermined periods.

Budget: An outline of an organization's future plan stated in a financial terms. (fiscal year or biennium). A budget is used to plan and control revenue and expenses within the budget year.

Capital Projects Funds: These funds account for the annual appropriation of bond proceeds and fund balance directed towards the construction of major capital projects. The annual appropriation is the current portion of the five-year capital improvement plan.

Capital Outlay: The purchase (outlay) of a long-term asset (capital). A long-term asset in the Lauderhill budget is defined as one that costs more than \$1,000 and will last more than one year.

Debt: An obligation that is requires to repay in the future.

Debt Limit: The maximum amount of debt of outstanding gross or net debt legally permitted. The limitation is usually a percentage of assessed valuation and may be fixed upon either gross or net debt.

Department: An operational unit of the city headed by a Director or Chief (Fire and Police). Lauderhill has eight departments: Administration, Finance & Support Services, Human Resources, Environmental & Engineering Services, Police, Fire & Rescue, and Parks and Leisure Services.

Division: An operational and/or accounting unit of a Department. Each division has a separate three-digit account code and is displayed on a separate page in the Budget Detail section.

Fiscal Year: The period of time covered by the budget. The State of Florida mandates that all cities begin their fiscal years on October 1 and end them on September 30. The FY 2020 Budget, therefore, covers the period from October 1, 2019 through September 30, 2021. The fiscal year is numbered by the year in which it ends.

Franchise Fees: Fees paid by utilities that have been granted a franchise to operate in Lauderhill. The utilities collect the fees from their customers as a percentage of the bill. The largest franchise payers in Lauderhill are Florida Power and Light, AT&T, and Waste Management.

Full Time Equivalent: A conversion of a part time employee to the decimal equivalent of a fulltime employee based upon 2080 hours per annum.

Fund: A grouping of revenues and expenses that have similar sources and functions, respectively. Each of the eight funds has a balanced budget, as required by the city's charter.

Fund Balance: The amount of money left in the fund at the end of the fiscal year, or the amount left over from the previous year.

Fund Balance Appropriation: Using some of the Fund Balance from the prior year to balance the current year budget.

General Fund: The largest fund, it accounts for tax revenues and all other revenues not reserved for a specific purpose in other funds.

General Trust Fund: The City's smallest fund, used to account for special programs where the city acts as custodian for donated or grant funds designated for a specific purpose.

Governmental Fund: An accounting grouping that is used for tax supported activities within the governmental fund. (For e.g. Special revenue fund, debt service fund and Capital revenue fund)

Insurance Allocation: A charge (object code 4510) made against the various divisions of the General Fund and the Enterprise fund. Based on their property, liability, and workers compensation insurance coverage. Funds are transferred from these client funds to the Insurance Services Fund, where they are counted as revenue.

Insurance Services Fund: An internal service fund that accounts for the expenses of all types of claims and insurance. Its revenues are comprised of transfers from other funds, where they are identified as Workers Compensation (object code 2410) and Insurance Allocation (object code 4510).

Mandates: Legislation by the Federal, State, or County government that requires the City of Lauderhill to perform a service or to follow specific guidelines. The City and its residents are forced to pay the cost of implementing mandates.

Modified Accrual: A combination of accrual basis accounting and cash basis accounting. Revenues are recognized as soon as it become available and measurable. Expenditures are recorded when a liability is incurred. Revenues are considered available when collected and are available to pay expenditures that are due within the current period.

Object Code: The narrowest category of expense in the budget also referred to as a line item. Each fund has Departments, Departments have Divisions, and Divisions have Object Codes. Object Codes are the four-digit numbers on the left-hand side of each page of expenditures in the Budget Detail section. They are the same in each division; for example, Object Code 1010 is used in most divisions and always means Full-Time Salaries expenses.

User Fees: A charge for service that the customer pays. Entrance fees at the city swimming pools, greens fees at the city golf course, registration fees for the School's out program, and the charge by the City Clerk for copies of documents are all examples of user fees.

Utility Taxes: A tax collected by utilities as a percentage of their bills and remitted to the city. Lauderhill levies a 10% tax on electricity and water; a tax on telecommunications is collected by the State and which is then distributed to the City based on a formula basis, and a 10% tax on propane gas.

ACRONYMS
